

Innovus Partners is a premier IT consulting joint venture formed under the SBA 8(a) Mentor-Protégé Program. As a collaboration between **MAJUS Consulting, LLC** and **Insignia Federal Group**, Innovus Partners delivers cutting-edge technology solutions, program management, and business transformation services to federal agencies. Combining the expertise of both firms, Innovus Partners provides agile, innovative, and mission-driven solutions that enhance operational efficiency and ensure compliance with federal regulations.

SELECT PAST PERFORMANCE

- **DOL** – CMS modernization, cloud support (Drupal, Sitecore, AWS, Azure), and 508 compliance testing for legacy systems.
- **U.S. Air Force** – EHR simulation for pre-deployment readiness; Wireless medical device integration with DoD EHR.
- **HHS** – Digital services, AI, and data visualization (AHRQ); Leadership training (CMS, PSC, OSFR); Digital transformation, automation engineering, and no-code automation (FDA, HRSA, ORA).
- **DHA** – AV/VTC modernization, secure communications, and operational support.
- **FEMA** – ICAM and cloud authentication for IT systems and applications.
- **IRS** – Advanced AV and VTC engineering support.

CORE COMPETENCIES

- ✓ Digital Transformation & Modernization
- ✓ Secure and Scalable Cloud Infrastructure
- ✓ AI, Data Science, and Intelligent Automation
- ✓ Agile and Adaptive Application Development
- ✓ Human-Centered Design and User

INNOVUS DIFFERENTIATORS

- ❖ **User-Driven Innovation** – Our innovations evolve from the need of the customer and user.
- ❖ **Simplifying Complexity** – We make the complex clear, delivering scalable and efficient solutions that drive results.
- ❖ **Agile at Scale** – We blend speed, adaptability, and built-in quality to drive lasting impact across complex federal environments.
- ❖ **Proactive Talent Readiness** – We have the right talent in place ahead of demand.
- ❖ **Security and Compliance Leadership** – We embed cybersecurity, accessibility, and regulatory compliance into every solution.
- ❖ **Recognized and Certified** – CMMI Dev3, ISO 9001:2015, 20000-1:2018, 27001:2022, MBE & SBE Certified.
